

OSRAM DULUXSTAR® Mini Twist

Your benefits:

- Simple direct replacement for ordinary light bulbs – suitable for any existing light bulb fitting
- Life of 3 years* – 6 times longer than ordinary light bulbs
- Up to 80% energy savings with greater luminous efficacy than ordinary light bulbs
- Kinder to the environment than ordinary light bulbs – they save on energy resources, reduce CO₂ emissions and therefore protect the climate
- Compact dimensions – up to 26% shorter than standard energy savers

* Corresponds to an average life of 6,000 hours if used for about five hours each day

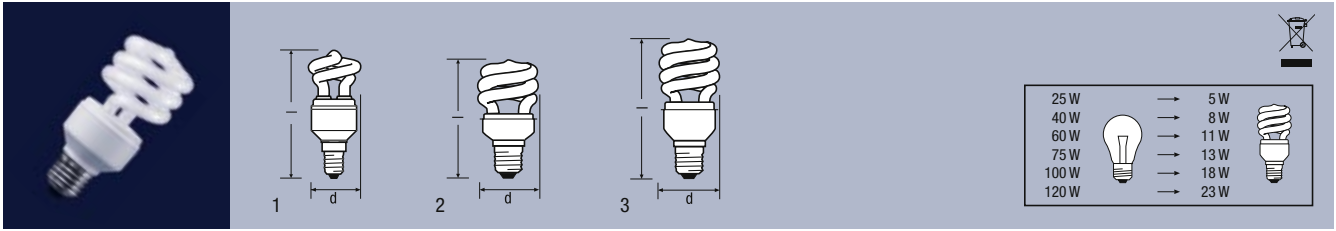

OSRAM DULUXSTAR® Mini Twist Energy-saving lamps

The environmentally friendly alternative to light bulbs: economy in compact form.
